

# Weekly Report

Matthew Royle

Week 42: 20 October 2009

## Summary of activities since last meeting

**Last meeting:** 13 October 2009

**Next meeting:** 20 October 2009

## Goals and Work targets

### Goals for this week

- Perform experimentation to try and solve the inconsistent results of the Mandelbrot set
- Continue writeup
- Add functionality to library
- Try and implement a command queue

### Goals Achieved

- Continued with writeup
- Added most of the error codes specified for API functions
- Got a working command queue, not entirely complete but works for Mandelbrot set

### Proposed goals for next week

- Perform experimentation to try and solve the inconsistent results of the Mandelbrot set
- Continue writeup
- Finish off implementing the command queue

## **Rate your work performance**

- Worked mostly on my command queue implementation
- Added to my thesis' design section including pictures
- Got the command queue working relatively well

## **Issues**

- Need to finish my implementation before I can continue with experimentation
