DECLARATION

1. I am thoroughly familiar with both the University's policy and the Department of Computer Science's policy on plagiarism, as detailed in the Department Handbook, and on the Department's website.
2. I know that "plagiarism" means using another person's work and/or ideas without acknowledgement, and pretending that it is my own.
3. I know that copying directly from either printed or electronic sources and using this material in assignments is dishonest, and that it is also wrong to use another student's work and pretend that it is my own.
4. I am fully aware that departments compile a register of plagiarism offenders, and that this is circulated throughout the University.
5. I understand that I may lose my DP if I plagiarise.
6. I have not allowed, and will not allow, anyone to copy the work of our group with the intention of submitting it as their own work.
7. I declare that this assignment is entirely the work of my group, unless otherwise stated (and with the permission of the course lecturer).
